One grade stabilization project installed to date.

In 2016 one grade stabilization embankment structure was installed. Federal EQIP \$13,593.57 paid first and state cost share piggy backed \$500.00. Staff time was billed as follows: Office Manager 3 hours @ \$54.24, Manager 12 hours @ \$59.28 and 1 Tech. 1 hour @ \$41.84. Total state grant dollars expended in 2016 \$1,415.92. Leaving a balance of \$25,354.80 to use in 2017.

Annual reductions of 0.7 ton of sediment, 3.2 tons of soil, and 0.7 pound of phosphorus.

Worked on additional project to get final engineering designs and apply for EQIP.

Staff worked on getting projects on list engineered and planned. Requested and received one year extension on grant.

Ongoing work with landowners. One large project fell through that we were working with a landowner on. Have others that were on the DRAP list willing to complete projects and so asked BWSR for an extension and was granted an extension until 12/31/2019.

Manager 16 hours @ \$59.28 = \$948.48 for technical assistance on 3 basins in 2016

Installed tile and constructed 500' of basin. Touchup work needs to be completed on the basin to meet specs.

surveyed and designed a system of two water and sediment control basins with outlet tile. Outlet is on WRE easement - compatible use agreement obtained from NRCS.

worked on preliminary information on other projects such as preliminary engineering, survey, and design work.

Treated 5 acres of watershed and provided 30,000 cubic feet of temporary water storage with 2 WASCBs. Reduced 2.5 Tons of sediment and 2.5 pounds of phosphorus from entering Geneva lake and reduced 8.5 tons of soil erosion on Jeff's farm. Staff worked on planning and designing additional BMPs. Requested and received a one year grant extension from BWSR.

Manager 6 hours @ \$69.22 = \$415.32 for grant tracking in 2018.

3 Tech 42.5 hours @ \$33.24 = \$1412.70 for technical assistance in 2018

2 Tech 19.5 hours @ \$40.38 = \$787.41 for technical assistance in 2018

Due to poor weather conditions and a landowner misunderstanding this grant work was not completed. We have several other landowners willing to do projects that were on the DRAP list so we asked for an extension and were granted until 12/31/2019.
